

We are reaching out for your support to help us provide an inclusive opportunity for physical, social, and emotional growth for the youth and adults involved in our program. We do this with regular instruction of ice skating skills with one-on-one volunteer help for our participants to improve strength, endurance, coordination, balance, and social skills. We showcase the skills learned throughout the year in a choreographed performance at the end of the season that serves as a source of motivation, teamwork, and the “magic” that results from transcending one’s barriers in order to accomplish one’s dreams. We are thankful for your continued contributions and look forward to making this season of Gliding Stars the most memorable one yet. Thank you!
